Aw – well that's a bummer! I have a meeting Wed AM and not in on Friday. Any other options perhaps? Or maybe go into next week?

-Diane

Hi Diane,

Sure. I'll be back in town tomorrow. How about Wednesday morning? Anytime before 11am eastern. Or I'm open all day Friday.

I copied Michael since we were already playing phone tag.

Also, my cell is 217-899-6959.

Denise

Hi Denise – I don't have a phone number for you otherwise I'd call.
Did you have some time to chat this week? Feel free to give me a call at 989-401-5507.
Thanks!

Great. Let's do 10:00am on Thursday July 30th.

Since you're a native I trust you can manage campus. The environmental and sustainability studies suite is 3932 Wood Hall. Across the hall from biology and chemistry. Best visitor parking would be in front of sangren/bernhard. I'll get you a pass though and you could just park wherever you can find and let me know.

Thanks, Denise

Hi Diane,

I can meet anytime next Thursday the 30th.

Let's schedule around Sarah's other appointment. Other than that, whatever is most convenient for you.

Denise

Whatever works with Denise – I will accommodate it!

I don't think you need to change your appointment...

Hi Diane,

I could meet on Thursday but would need to nail down a time pretty quickly, as I already have something scheduled from 2:00 - 3:00 (so more like 1:30 - 3:30, including travel time). And if I'm going to change that appointment, want to do so right away. Otherwise, I'm free all day.

Hi Denise and Sarah,

I was wondering if I could set up a time with you in Kalamazoo next Thursday? I'll be on my way back from Chicago and thought we could meet. Any times work for the both of you?

Hello Michael,

Thank you for continuing to reach out; I think our phone discussion today was extremely productive.

As discussed, please find the attached document with Sarah and my suggestions for frequently asked questions that were either lacking or not specifically addressed in past documents. We look forward to assisting Diane in any capacity in moving forward with the best public information tool.

Best, Denise
